## Before You Close the Door, Think of This--

The Star urges you to go to the polls Tuesday and roll up a resounding majority for the bond and tax proposal to help Delight Egg Farms, Inc., establish a big egg-processing plant here.

Remember to vote for BOTH — Bonds and Tax. Voting for Bonds and not voting for Tax makes your ballot worthless.

The bonds are real. They represent \$225,000 credit with which to start the new egg-processing plant.

But the tax is not real. It will never be levied unless Delight defaults on its contract to repay the credit over 15 years.

What does this contingent tax liability mean to you personally? The average rural assessment in Hempstead County is said to be \$300. Even if a default occurred and the tax were actually levied the annual cost to the average rural citizen would be but 60 cents.

Where else on earth can you buy hope for 60 cents?

But if you have any doubt about the proposal we ask you, before slamming the door on it this coming Tuesday, to weigh carefully the following facts:

Amendment No. 49 of 1958 permits counties to underwrite some of the starting cost of new industry just as a few private citizens underwrote the cost of the new building that brought the Shanhouse jacket factory to Hope a few years ago. The Delight Egg Farms proposal is the first project to be so voted on in this county. What you do on Tuesday, therefore, will set a precedent for all time to come.

DON'T CLOSE THE DOOR TO FUTURE GROWTH AND PROSPERITY.

A farmer in our office the other day said he was against the Delight Egg proposal but he would favor a plan to underwrite a granary or a canning factory.

Fair enough — and such projects may be considered in the future. But only if you vote right this Tuesday. Otherwise you close the door on any use of county credit to expand our way of living in Hempstead.

Other counties have voted favorable on such projects — many, indeed. If Hempstead rejects the Delight proposal on Tuesday then our hands will be tied; other counties will use public credit to help industry while we can not — an impossible handicap in the race to build up local employment and halt a declining population.

VOTE RIGHT! VOTE FOR BONDS AND TAX ON TUESDAY!

DON'T CLOSE A DOOR YOU MAY NEVER AGAIN REOPEN!

## U. S. Weather Changes Are Only Minor

By THE ASSOCIATED PRESS

The nation's weather pattern showed only minor changes today with a continuation of unseasonable cold in most areas and a few wet spots.

Coldest weather clung to eastern sections of the northern Plains and in parts of the central and northern Rockies. Temperatures ranged from zero into the teens.

But some of the cold air dipped into the Southland, with freezing weather in parts of Kentucky and Tennessee. Temperatures were mostly in the 30s and 40s in the Southeast as far south as northern Florida.

Readings were in the 20-30 range in the major part of the country, below the normal levels for mid-March. Spring starts next Wednesday.

In the West, the 40s prevailed in the northern Pacific Coast states, and ranged into the 40-50 degree level in southern sections and the Southwest.

Precipitation was light. More snow flurries powdered areas from the southern Upper Mississippi Valley throughout most of the Great Lakes region. Light rain or showers dampened northern sections of the Pacific Coast and rain fell in sections of southern Florida.

## Welfare Bill Passed in the House

WASHINGTON (AP) — The House has passed a \$325-million welfare bill, including a \$140-million boost in relief payments which was not sought by President Kennedy.

The bill makes a series of administration-sponsored changes in the federal-state welfare program.

It passed the House Thursday on a 319-69 roll call vote. Before sending it to the Senate, the House rejected, 231 to 156, a Republican-backed move to top off the extra relief payments.

That provision would revise the federal-state formula for payments financing relief of aged, disabled and blind persons. The net effect would be an increase of about \$4 million in the federal contribution. It would increase the top possible federal-state payment to \$70 a month, at a total price tag of \$140 million.

Republicans also objected to a provision boosting from 50 to 75 per cent the federal matching grants for state programs aimed at rehabilitation and self-sufficiency for people on relief rolls. But there was no formal move to eliminate that section.

The bill also would: Authorize work and training programs for able-bodied relief recipients, set up by participating states without jeopardizing their federal aid;

Permit payments on behalf of children to persons other than their relatives, if the relatives misuse the relief money;

Extend for five years a temporary program of aid to children of the unemployed, and

Provide federal aid for day care of children of working mothers, and liberalize provision for relief-receiving families to earn some income without losing their welfare payments.

## No Sign of Big Plane With 107 Aboard

By CARL ZIMMERMAN

MANILA (AP) — U.S. military planes and ships pressed a hunt between Guam and the Philippines tonight for a chartered airliner which vanished at sea with 107 persons, chiefly American Army men, on a flight to war-torn South Viet Nam.

A full 24 hours passed since the four-engine Super Constellation, owned by the California-based Flying Tiger Line, radioed its last message. This was a routine report to Guam from a position 270 miles west of that U.S. base in the western Pacific, as it headed for Clark Air Force Base, north of Manila.

Search craft crisscrossed 75,000 square miles of the Pacific fruitlessly by daylight and were continuing through the night. Weather was excellent and the sea normal.

The Super Constellation carried a crew of 11 Americans, 93 U.S. Army personnel and three South Vietnamese, Travis Air Force Base, in California said. Four women were among the crew.

Military sources in Saigon assumed the troops were due to bolster the American forces backing South Viet Nam's government in its war against the Viet Cong guerrillas.

Fifteen aircraft based at Guam launched the hunt for the Flying Tiger plane. Spread over a 100-mile front, they flew 750 miles westward—to a point about midway between Guam and the Philippines—and then retraced their course eastward.

The plane took off from Guam at 8:57 p.m. Thursday night carrying fuel for about nine hours flying for the 1,600-mile, eight-hour hop to Clark Air Force Base, north of Manila. It was last heard from 80 minutes later when the pilot sent a routine radio message to Guam from about 270 miles west of that American island base.

The Clark Field Rescue Coordinating Center declared the airliner missing this morning. A U.S. Navy spokesman said it was believed the plane went down closer to Guam than to the Philippines. U.S. bases in the Western Pacific marshaled a task force of surface ships and Air Force, Navy, Marine and Coast Guard planes.

Seven ships led by the destroyer escort Brister and 15 aircraft were dispatched from Guam, Clark Field, the U.S. 7th Fleet and the Air Force at Okinawa sent additional planes.

The searchers scoured an ocean area stretching 750 miles north-east of Guam and 100 miles wide along the transport plane's scheduled route. Cloudless skies and calm seas were reported in their search area.

The airliner, piloted by Capt. Gregory P. Thomas of Red Bank, N.J., left Travis base in northern California Tuesday. Travis is often the originating point for troops being ferried across the Pacific by plane. Flying Tiger is often the carrier. Guam is a regular refueling stop.

Military sources in Saigon said the plane was due in South Viet Nam this morning. It was assumed in the Vietnamese capital that the military personnel aboard the plane were to join U.S. forces bolstering the South Viet Nam government's fight against the Communist Viet Cong guerrillas.

## Russia Tries to Make U.S. Shoulder Blame for Nuclear Test Race

### Russia Shoots Space Vehicle, Threatens U. S.

MOSCOW (AP) — Premier Khrushchev announced today the Soviet Union has put a new space vehicle in orbit. At the same time he threatened the United States with what he called a "global rocket," invulnerable to anti-missile defenses.

The Soviet leader said all American efforts to interfere with the new weapon, as he described it, would be in vain.

"The time has passed when the Americans can feel defended from the consequences of war," he said.

Khrushchev gave no details of what the stage of development the so-called new weapon might be.

He made his remarks in the course of an election rally, preliminary to Sunday's voting in the Soviet Union. Earlier at the rally he had announced orbiting of a new space vehicle. Tass news agency said it was "an artificial earth satellite launched with a view to continuing the Soviet program of outer space research."

There was no announcement whether a man or other living being was aboard.

Khrushchev made his statement about the "global rocket" to reinforce his views on the current disarmament negotiations at Geneva. Referring to Western proposals for an effective control system, he said "we will never agree to this."

A control system, he argued, would be nothing but an espionage service for the west.

### Disaster Exists in Red China

TAIPEI, Formosa (AP) — W. Averell Harriman, U.S. assistant secretary of state for Far Eastern affairs, said today complete and utter agricultural disaster exists in Communist China.

He told newsmen before leaving for Tokyo that both the Soviet Union and the Chinese Communists had failed in their agricultural programs. The Soviet Union, he declared, was unable to provide enough food for its own people.

Harriman, who spent about 2 hours in Taipei, described a discussion with President Chiang Kai-shek as most cordial.

He said he had informed Chiang that President Kennedy is firmly determined to support South Viet Nam against Communist guerrillas and subversion.

Harriman said he was impressed by the economic progress achieved in Formosa.

## This City Revived Bus Service

ZANESVILLE, Ohio (AP) — It didn't take residents of this city of 39,000 long to figure out a way to stop a suspension of public bus service—they bought out the company.

Several months ago the Zanesville Rapid Transit Co. announced that it was being forced to stop its bus service here because of increased operating costs and a drop in revenues.

Residents, estimated that with \$15,000, a down payment could be made on the 24 buses operated by the company and initial operating expenses could be met to take over the faltering firm.

In 15 days the goal was more than doubled, and Thursday officials proudly announced a yet-to-be formed company has \$33,000 in its treasury.

Donations came from school children, elderly persons, merchants, civic groups and \$3,600 from the local bus drivers' union.

The money was given on the understanding that it may never be repaid. However, officials are hopeful dividends can be issued to the donors when the official company is formed.

The present company, which has been operating without a charter since Feb. 18, plans to sell its buses for \$25,000. A date for the transaction has not been set.

## Same Old Red Line Will Doom Plan to Disarm

By JOHN M. HIGHTOWER

GENEVA (AP) — The Soviet Union accused the United States today of seeking resumption of a nuclear arms testing race and said American negotiations in Geneva are avoiding a serious approach to this problem.

The charge from Soviet Ambassador Semyon Tsarapkin appears to represent an attempt by the Kremlin to make the United States shoulder blame for any new round of nuclear test explosions.

It came as Eastern and Western groupings in the 17-nation disarmament conference began openly to woo the eight countries in the middle section—Brazil, India, Mexico, the United Arab Republic, Sweden, Burma, Nigeria and Ethiopia.

The eight middle men as they have been called began their own moves in the conference to keep the United States and the Soviet Union negotiating on the widest possible range of disarmament and nuclear testing problems.

As a first step, India's V. K. Krishna Menon called on the conference to switch its emphasis from formal speech-making to intimate study sessions by U.S. Secretary of State Dean Rusk and Soviet Foreign Minister Andrei A. Gromyko of the complex disarmament problem.

Rusk, who supported Menon's suggestion, met with the Indian delegation head immediately after the conference session.

Conference prospects suffered a blow Thursday night when the Soviet Union rejected President Kennedy's terms for a test ban. Resumption of U.S. nuclear weapons.

## Bill Protects Pension and Welfare Fund

WASHINGTON (AP) — Congress has sent President Kennedy legislation to set up tighter protection for \$60 billion in pension and welfare funds.

The Senate Thursday cleared a compromised version of the bill by voice vote soon after the House passed it 293-108.

An effort by House Republicans to send the bill back to the Senate House conference was defeated on a 217-182 roll call vote.

This was the second important item on Kennedy's legislative program to be sent to the White House this session. The first, a manpower retraining bill, received final congressional action Tuesday and was signed into law Thursday.

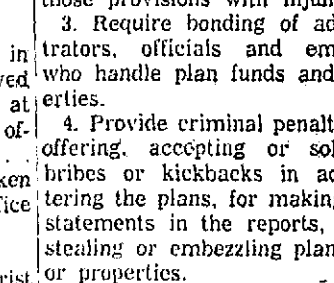

The pension-welfare plan bill is designed to prevent wrongdoing in connection with funds set up for the benefit of an estimated 90 million Americans.

It puts enforcement teeth into a 1958 disclosure law covering the funds.

The new bill would:

1. Give the secretary of labor authority to require full and accurate detail regarding the operation of the plans.
2. Give the secretary power to investigate violations of the reporting provision and to enforce those provisions with injunctions.
3. Require bonding of administrators, officials and employees who handle plan funds and properties.
4. Provide criminal penalties for offering, accepting or soliciting bribes or kickbacks in administering the plans, for making false statements in the reports, or for stealing or embezzling plan funds or properties.

Three insurance companies maintain in the suits they paid out that amount for repairs to four homes damaged in the crash.

## ALC to Air Case of Fired Employee

LITTLE ROCK (AP)—The Joint Legislative Audit Committee will review the case Friday of a Civil Defense Agency employee hired by another state agency after he was fired in connection with a \$700 shortage.  
The matter came up at the committee's February meeting while Owen Payne Jr., Civil Defense director, was explaining discrepancies in his agencies accounts.  
Payne said the man had refused to make up the shortage but that the other agency had hired him anyhow.  
The committee directed the man and his present superior to appear at Friday's meeting. Questioning of the two probably will be in executive session.  
In addition, the committee will review audits of nine agencies, all expected to be routine.  
The agencies are: the Burial Association Board, Healing Arts Board, Board of Pharmacy, Alcohol Beverage Control Board, comptroller's office, Employment

## Embezzler Gets Prison Term

HARRISBURG, Ark. (AP) — Arnold E. Edens, 39, of Paragould was sentenced to 18 years in prison Wednesday after being convicted on charges of embezzlement by agent.  
Edens, a former investment broker, was convicted of embezzling \$10,000 from Dr. T. P. Harper of Morette.  
His trial was brought here on a change of venue from Greene County.  
Edens has appealed to the state Supreme Court two convictions last May in Greene County, but the high court has set no date for a hearing. Edens was sentenced to 11 years for false pretenses and six years for overdrafting in the previous convictions.  
Edens also faces a federal trial for 12 counts of fraud returned against him last year by a federal grand jury in connection with al-

### Passenger Business Remains Our Business

You may have heard it said that railroads want to get out of the passenger business — an erroneous conclusion probably based upon the discontinuance of some trains no longer used by the public.

Here at Kansas City Southern we feel we have an obligation to provide good and ample passenger service to the people of our area. Yet we have reduced the number of our passenger trains since the peak war years — but only after convincing (and costly) proof that you, our patrons, no longer considered the service necessary.

We have no intention of going out of the passenger business. Rather, we hope to improve our service so that you and others may have the benefit of the safest, most enjoyable, most economical way to travel.

*We earnestly seek your help to this end!*

## Training Act Is Signed Into a Law

WASHINGTON (AP) — President Kennedy has signed legislation which will permit training up to a million unemployed workers for new skills.

The three-year, \$345-million program is designed to help both those who lose their jobs through automation and those whose skills limit them to low-paying jobs. Kennedy described the bill as perhaps the most significant legislation in the area of employment since the Employment Act of 1946. That law set up a government policy of seeking to maintain full employment.

Congressmen who helped handle the legislation were on hand for the signing ceremony today. Kennedy said the administration will move promptly and vigorously to launch the retraining program.

The new training program will give real meaning to the Full Employment Act by making possible the training of hundreds of thousands of workers who are denied employment because they do not possess the skills required by our constantly changing economy. Kennedy said. "Their training is important both to them as individuals and to the economic health of the nation."

The House completed congressional action on the bill only Tuesday. It is the first major legislation on Kennedy's program to become law this year. It had bipartisan support.

The sleeveless dresses and big bold rings of spring (left) call attention to both lower and upper arm. An effective exercise for firming the upper arm is to extend each arm at shoulder height (upper right) and trace an imaginary

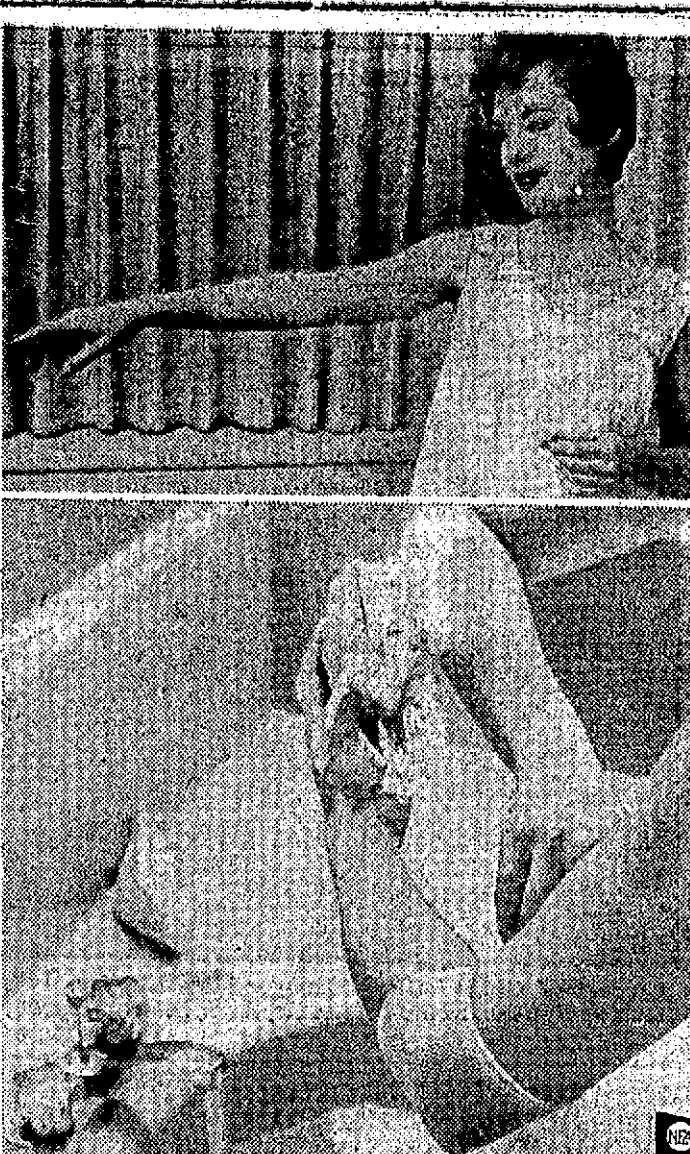

figure eight in the air. Elbow beauty depends on a thorough daily scrubbing followed by lubrication. Inexpensive elbow caps (lower right) keep cream on the job where it belongs and protect bed linens.

## A 15-Man Mission to Mars Planned

BERKELEY, Calif. (AP) — A project plan by two National Aeronautics and Space Administration researchers for a 15-man mission to Mars was reported Wednesday to the American Rocket Society.

The project proposal, described in a paper by Dr. Ernest Stuhlinger, NASA research projects director at Huntsville, Ala.; and Joseph King, an associate, said nuclear-electric propulsion would be used on the 100-million-mile trip. Dr. Robert Seitz, NASA physicist, who read the Mars project paper at the meeting, said preliminary studies for Mars exploration were under way if the government should decide to undertake it.

Stuhlinger and King said such a mission could be feasible in 20 years. They proposed using five 360-ton space vehicles for the journey. They said the nuclear-electric engines would run for long periods producing thrust needed to build high speeds in the resistance-free reaches of outer space.

Seitz said the space craft would be launched from earth with conventional rockets before the nuclear engines took over. It would take them 304 days to reach the orbit of Mars, he said. Another 21 days would be required to ease into orbit around that planet.

One vehicle would attempt a landing on Mars with equipment and supplies. If this landing were successful, another craft would follow while a third stayed in reserve orbit around Mars. The two other vehicles would carry propellant.

Once the Mars visit was completed, the scientists said it would take 18 days to spiral out of its orbit, 268 more days to return to the earth's orbit, and about 32 days more for a rendezvous with a retrieving space vehicle.

## Berryville Fights to Keep Spur

BERRYVILLE, Ark. (AP) — Berryville city officials say they will file suit in an attempt to keep the Arkansas and Ozarks Railroad from scrapping a 3½-mile stretch of spur track into the city or selling the right of way.

City Atty. J. E. Simpson said the city holds title to the stretch of A&O track and would try to retain the rails and cross ties. Simpson said the A and O had "damaged" the city when it "violated" a contract made in 1901 with Berryville by the A and O predecessor, the St. Louis and North Arkansas Railroad.

The A and O received permission last April from the Interstate Commerce Commission to abandon its entire 65-mile route from Seligman, Mo., to Harrison. Simpson said the suit was being prepared to stop the A and O from scrapping the track or selling the right of way. Berryville claims it owns. He said Berryville furnished the right-of-way, culverts, bridges and depot in 1901, and the railroad agreed to lay the tracks and operate passenger and freight trains into the city as long as the population did not drop below the 1900 census figure.

## DOROTHY DIX

View From Mobile Home Court

By HELEN WORDEN ERSKINE

Dear Helen: I own a large mobile home court and could write from now till doomsday about the women who are here today and gone tomorrow. This letter is being written because you and our judges seem to favor these women.

I know how these wives split out with other men. When a wife dabs her eyes on the witness stand and sobs that her husband is an ice-box, don't believe it! One girl with "Mrs." prefixed to her name, took a man to the woods. Next week her picture was in the paper with the caption, "Wife in Name Only." She got her divorce in ten minutes. Her husband pays an alimony he can ill-afford.

The judges just don't get the facts. We were taught to respect a judge and to stand when he entered the court room. Today the bar of justice is a sham, a fake and a loophole for unfaithful wives to extract money from poor benighted husbands. —Disgusted.

Dear Disgusted: A judge like I — must go on the evidence presented. I wish, as I'm sure judges must too, that people like yourself will come forward with additional evidence. Again and again I implore my readers to present both sides of the story and, if possible, get all principals involved to give me an account of the problem as they see it. Once in awhile they really do. Only then am I really satisfied. But my role is slightly different from that of a judge. People need not take my advice unless they feel it will help. But, whether they like it or not, they must do as the judge rules. His word is law!

Dear Helen: I am a 14-year-old girl who longs to look her prettiest. My mother, whom I love dearly, will allow me to wear make-up if my father would let me. But he gets very annoyed if he sees me wearing make-up and orders me to wash it off immediately, if not sooner. When I say make-up, I mean a little powder and a light lipstick. Who is right, Mama or Papa? —Puzzled Teenager

Dear Puzzled: A light makeup on teens is all right, provided it isn't overly apparent. Without knowing why, that's probably the reason for your father's disapproval. Ask your mother to take you to the best beauty salon in town and have the make-up specialist suggest the proper shade of powder and lipstick for you—a girl of 14—then demonstrate how to apply them.

Send your problem to Helen Worden Erskine. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper. Helpful leaflets available. Write for "How to Get Along with an Adolescent."

## Arkansen Drowns

FORT LAUDERDALE, Fla. (AP) — Sheriff's deputies said Dana Broussard, 26, of Marianna, Ark., was found drowned in the sea near here today. They said Broussard had checked into a hotel on the beach March 8.

## 3,000 Adults in Education Programs

LITTLE ROCK (AP) — More than 3,000 persons are participating in an adult education program set up by the 1961 legislature, education commissioner Arch Ford reported today.

Ford's report was made to the legislative council's education committee which is studying adult education under a resolution sponsored by Hempstead County Representative Talbot Feldt. No action was taken on the report because Feldt was not present.

Ford said 68 of the state's 418 school districts are taking part in the adult education program.

He said white schools have established 7 classes for 961 students at the high school level and ten classes for 111 students at the elementary level.

Negro schools have 31 classes for 1,437 students at the high school level and 32 classes for 517 students at the elementary level, Ford said.

The commissioner said all of the \$50,000 appropriated for the program between July 1, 1961, and July 1, 1962, has been committed.

"There's no doubt this program was needed and that it will grow," Ford said. "Seventy per cent of the students who start the first grade in Arkansas fail to finish high school and this program is a partial answer to the problem."

Ford said expansion of the vocational-technical school program will further aid in solving this problem.

Students who complete 120 class hours in adult education become eligible to take the General Educational Development Test, Ford said. About 500 students have indicated a desire to take these tests, which make a student eligible for a certificate equivalent to a high school diploma if they pass, Ford added.

The education department has set up 21 testing centers across the state to administer the tests this year, Ford said.

## Faubus Remains Silent on Plans

LITTLE ROCK (AP) — Gov.

Orval E. Faubus said today he will not announce this week whether he plans to run for a fifth term, retire, or run for another office.

The governor's decision has been expected momentarily for some time. He said at one time that he would announce his plans before April 9.

## Powers Are Alone

MILLEDGEVILLE, Ga. (AP) —

U2 Pilot Francis Gary Powers and his wife, Barbara, finally had the opportunity to be quietly alone today.

Also prepared for Powers at the home of his wife's mother, Mrs. Monteen Allen, was his favorite menu—roast beef and banana pudding.

While no one was making any formal announcement, it was learned on good authority that Mr. and Mrs. Powers arrived just after midnight from Rome, Ga., where they had a rendezvous Wednesday.

The flier was released last month from a Soviet prison in an exchange for a Soviet spy.

## FBI Agents to Be Changed

LITTLE ROCK (AP) — Roy K. Moore, 47, chief inspector of the FBI's Training and Inspection Division at Washington, will replace Joseph J. Casper as FBI agent in charge of the Little Rock office Monday.

Casper, who has held the Little Rock post for 4½ years, goes to a supervisory position in the FBI national office in Washington.

## Mick's Homer Helps Yanks to Victory

By MIKE RATHET  
Associated Press Sports Writer

The New York Yankees have stretched their winning streak to four over Cincinnati by beating the National League pennant winners in their first meeting since the 1961 World Series.

Mickey Mantle provided an early lead with a three-run homer in the first inning as the Yanks boosted their unbeaten streak to six games Thursday with an 8-3 victory over the inept Reds at Fort Lauderdale, Fla.

It was the world champion Yankees' first victory over National League competition and maintained the only unblemished record in the exhibition standings while pushing the Reds into sole possession of 10th place among senior circuit clubs with a 1-5 mark.

The Yanks collected nine hits. Bud Daley, Hollie Sheldon and former Red Marshall Bridges checked Cincinnati on six hits.

The Chicago White Sox remained right behind the Yanks in the AL standings, winning their third straight for a 5-1 record by whipping the Detroit Tigers 4-3 in 10 innings at Sarasota, Fla.

In other games, Boston edged San Francisco 7-6 in 11 innings at Phoenix. Washington walloped the Los Angeles Dodgers 9-4 at Pompano Beach. Kansas City whipped Minnesota 7-3 at West Palm Beach. Chicago's Cubs defeated the Los Angeles Angels 7-3 at Mesa and Houston beat Cleveland 4-2 at Apache Junction.

The New York Mets-Pittsburgh and Philadelphia-Milwaukee tilts were canceled due to rain. Baltimore and St. Louis were not scheduled.

## 'Just Think' Winner at Oaklawn

LITTLE ROCK (AP) —Lillian Bayliff and H. J. Wise's Just Think outdistanced a field of 10 Thursday to capture the \$3,800 feature at Oaklawn Park.

Just Think surged up from eighth and caught the leaders nearing the 16th pole and covered the mile and 70-yard event in 1:43 1-5.

Ronnie Campbell piloted the five-year-old gelded son of Ponder and Lap Full to a length's advantage over Rider Divide Farm's Ute Scout Luke.

Donrey Stable's Fair Hour, running a length and a quarter farther back, came in third.

Just Think, a 9-5 favorite, returned \$5.60, \$4.20 and \$3.20.

A crowd of 9,015, the largest midweek gathering of the Oaklawn season, wagered \$548,131.

A full field of allowance division performers competes in the \$4,000 Arkansas Wood Products Association Purse which rates top billing on today's nine race card.

The mile and 70-yard event marks the Oaklawn debut of H.S. Cohen's Red Cent, just in from the Fair Grounds.

The five-year-old son of Zuechero and Miss Stripes will share equal topweight of 120 pounds with Mrs. J. W. Durrett's Air Medal, Bayliff and Wise's Talent Show and J. E. Cosgrove's Blue Croon.

Completing the field are August Mueckler Jr.'s Limbus, Mrs. Emil Denemark's pairings of Mangam and Revoque, Mrs. Robert Lerner's Phoenix Bird, Emil A. Dust's Dearborn, Hangover Stable's Challenge, W. Hal Bishop's Active Crater, J. W. Mecon's Astate and Earl K. Carey's Mirtaugh.

Winner of eight races last year, Red Cent has yet to score in 1962 but has been running in top events, including the \$50,000 New Orleans Handicap.

Limbus was a disappointment when heavily favored in two previous starts here but is regarded as a threat. He will be ridden by Robert Nono.

Jockey Raymond McEwen became the third rider to be grounded when Oaklawn Stewards announced his suspension Thursday for rough riding in Wednesday's second race.

McEwen's suspension, for 15 calendar days, is effective Saturday.

Stewards said the penalty resulted from a jam at the first turn in which the favorite, Aunt Mae, was impeded by McEwen's mount, Riverside Gal.

Aunt Mae finished 11th in the field of 12. Riverside Gal, a 35-1 longshot, finished seventh.

## Countdown Is Here for Nat'l Cage Tourneys

By TED MEIER  
Associated Press Sports Writer

The final countdown to determine the 1962 national collegiate basketball champion starts tonight.

Doubleheaders at four regional sites in the NCAA tourney will pare the field to eight teams and Saturday night's regional finals will cut the field to four for the national semifinals and final at Louisville, Ky. next week.

The lineup:  
East Regional at College Park, Md.  
Wake Forest (19-8) vs. St. Joseph's (Pa.) (18-8)  
Villanova (20-6) vs. NYU (19-4)  
Midwest regional at Iowa City, Iowa  
Kentucky (22-2) vs. Butler (21-5)  
Ohio State (23-1) vs. Western Kentucky (17-8)  
Midwest regionals at Manhattan, Kan.  
Colorado (18-6) vs. Texas Tech (19-6)  
Cincinnati (25-2) vs. Creighton (20-4)  
West Regional at Provo, Utah  
Oregon State (23-4) vs. Pepperdine (19-6)  
UCLA (16-9) vs. Utah State (22-5).

The main interest will be on the games at Iowa City and Manhattan with the appearance of defending champion Cincinnati and top-ranked Ohio State, hopeful of getting another crack at Cincinnati in the national final at Louisville on March 24. Cincinnati stunned the Buckeyes with an overtime victory in last year's championship final.

The Buckeyes, with player-of-the-year Jerry Lucas, playing in his last NCAA tourney, and the Bearcats are favored over Western Kentucky and Creighton, respectively.

In the other games Kentucky, with soph sensation Cotton Nash, is favored over Butler, Colorado over Texas Tech, Oregon State over Pepperdine, UCLA over Utah State, St. Joseph's over Wake Forest and Villanova over NYU.

Three other post-season tournaments are in full swing. The National Invitational opened Thursday night at New York's Madison Square Garden with Temple ousting Providence, the defending champion, 80-78 in overtime, and Dayton whipping Wichita 79-71.

In the NCAA small college tourney at Evansville, Ind., Wittenberg, the defending champion, was eliminated in the quarter-finals by Mt. St. Mary's 43-39.

Westminster (Pa.) and Prairie View (Tex.), the one, two seeded teams, won in the NAIA tourney at Kansas City in the quarter-finals. Westminster defeated Orange (Calif.) State 63-55, Prairie View downed Arizona State College 88-48, Western Illinois took Carson Newman 91-65 and Southeastern Oklahoma drubbed Ferris 69-49.

In tonight's NCAA semifinals at Evansville it's Mt. St. Mary's vs. Southern Illinois and Nebraska Wesleyan vs. Sacramento State.

In the NAIA round of four at Kansas City, it's Westminster vs. Southeastern Oklahoma and Western Illinois vs. Prairie View.

## 'Bullwinkle' Show Leaving Next Season

By CYNTHIA LOWRY  
AP Television-Radio Writer

NEW YORK (AP)—It is likely that a brash and off-beat cartoon program, "The Bullwinkle Show," will be leaving NBC next season. And that will be good news to the network's department of continuity and acceptance (that's televisionese for "censorship").

It has had nothing but trouble with the irreverent creators of the show, Jay Ward and Bill Scott, who take delight in treading on sensitive toes.

The show started poking fun at "Disneyland," calling it "Dizzy Walter's Land." Early in the season, attorneys for Durward Kirby, of the Garry Moore Show, formally notified them to stop using the name "Kurwood Derby" for a magic hat. They invented a pyromaniac bear, Stokely, which got quick angry action from the U.S. Forest Service, pointing out that Smokey Bear was a treasured, copyrighted property of the service and not to be kidded.

Red Skelton registered annoyance with Bullwinkle's voice (a moose) claiming it sounded like Red's Clem Cadiddlehopper character (and it does).

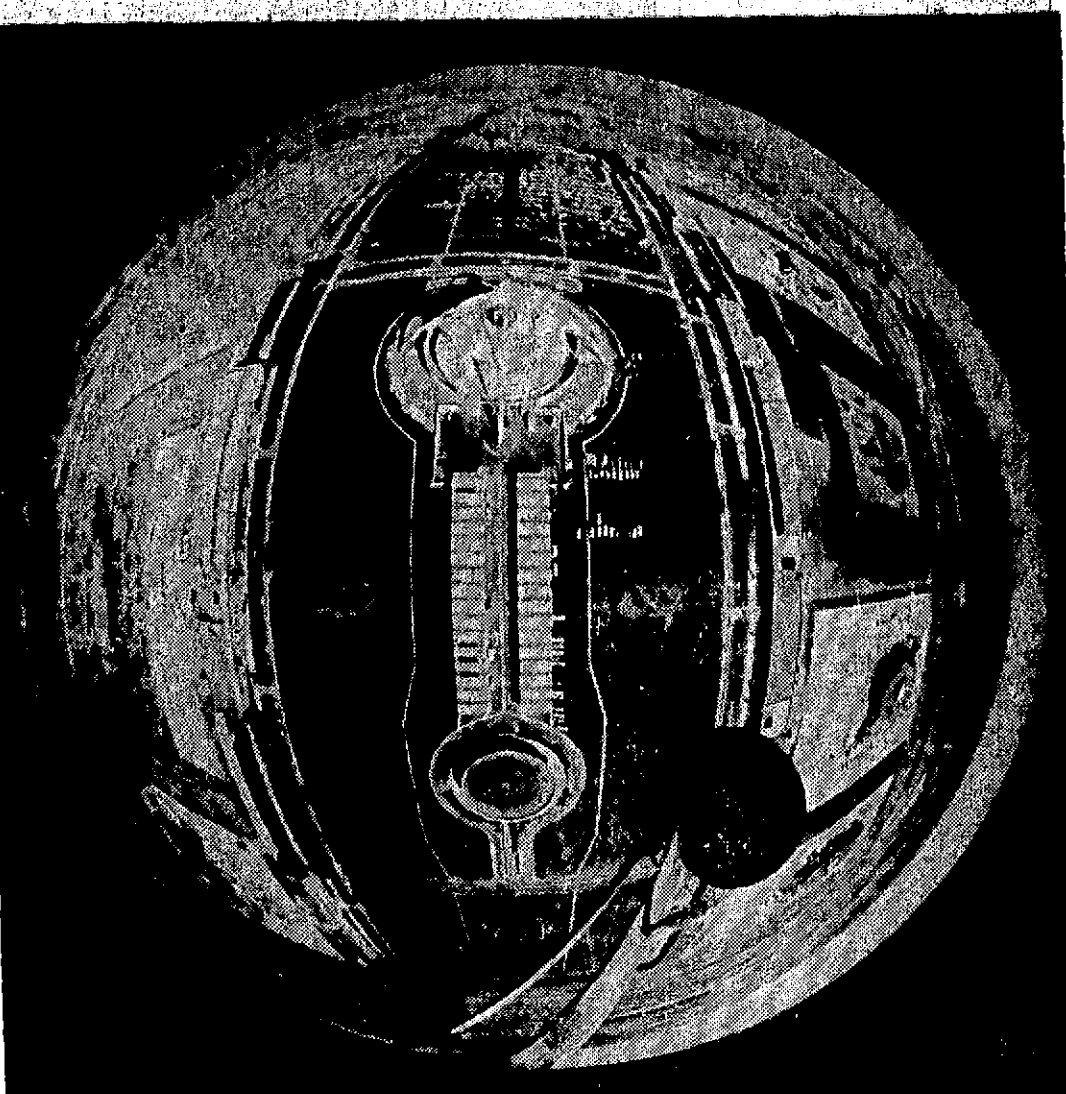

But worst was a sequence that slipped by the censors in which they cooked, for Thanksgiving dinner, a peacock. A peacock is NBC's symbol of color shows.

"We got complaints," said Ward. "So we offered to apologize on another show. But they said that it was forbidden. It's sacred."

The show may be a headache to NBC, but its sponsor loves it. And because the sponsor has a lot of money to spend for other shows, it won't have any trouble finding a new home for "Bullwinkle" next season.

Perry Como's summer replacement plans are not yet final, but probably will be a batch of mystery shows—new ones, stitched up by Desilu—which will look great in the desert of repeats. Even though Chick Hennessey is a doctor, it looks pretty definite now that the Jackie Cooper series is finished, the end of this season. There will be a confusing time soon when actor Gale Gordon is both "Pete and Gladys" uncle and the next-door neighbor of "Dennis the Menace."

## New Musical Is Bright and Trite

By WILLIAM GLOVER

NEW YORK (AP) — "No Strings," the new Richard Rodgers musical, manages to be both bright and trite.

All the trimmings are fresh, novel and attractive in the production, which premiered Thursday night at the 54th Street Theater. The flaw in an otherwise boldly experimental enterprise is a wishy-washy story.

To consider the pleasures first, there is a set of tunes that shimmer with romance and cut loose with robust verve. In his 37th Broadway sortie, veteran composer Rodgers also doubles, for the first time, as lyricist. The results are proficient rather than up to the superior standards of either of his late partners, Lorenz Hart and Oscar Hammerstein II.

Another asset is the fluid, prompt staging worked out by director Joe Layton. He also gives the leggy, lusty chorines some tingling dance routines.

As further innovation, the settings by David Hays are casually flexible rather than rigidly realistic. Now, alas, we come to the activities, centering upon stars Richard Kiley and Diahann Carroll. He portrays a writer who has been bumbling around Europe ever since an early win of the Pulitzer prize. Miss Carroll, turns up as a refugee from New York's Harlem who has become the top fashion model of Paris. Romance blooms.

The book, provided by Samuel Taylor, is a mixture of old-fashioned boy - keeps - loses - wins - girl and oblique approach to that racial integration. Although Rodgers previously has declared that the love story involving a white youth and Negro girl is without special meaning, the circumstance is an

inescapable factor for both audience and author. But at the end of the evening, the yarn shies off with a bland reference to how difficulties back in the States might make it difficult for the couple to settle down. There is a vague promise that later on they'll get together again in their European sanctuary.

The comedy level is less than

hilarious. Noelle Adam appears as a

distracting photographer's assistant, and Bernice Massi spices the

continental joy-spring background with some hip-tossing choruses. Other able participants are Polly Rowles, Don Chastain, Mitchell

Gregg and Alvin Epstein. The Rodgers songs you are liable to be hearing include "The Sweetest Sounds," "Loads of Love," "Nobody Told Me" and "Look No Further."

## Brokerage Firms Being Questioned

By FRANK CORMIER

WASHINGTON (AP) — The Securities and Exchange Commission announced today it is quizzing all of the nation's 5,750 brokerage firms about dealings in 200 stocks.

The mammoth inquiry—part of a larger study of the entire securities industry—will yield the first detailed picture of exactly what goes on in the over-the-counter market. It is in this loosely organized market that brokers and investors trade in securities outside the regular stock exchanges.

Milton H. Cohen, director of the SEC's industry study, said a special questionnaire is being mailed to all brokerage houses "to obtain general information about the growth and size of the over-the-counter market and specific data as to transactions in that market." The completed questionnaires must be returned by April 9.

The SEC hopes, through an analysis of the questionnaires, to find out how many shares and how much money change hands in the market and how many brokers participate.

It also wants to know if it takes a large volume of trading to produce noteworthy price changes, and if brokers are overcharging customers on over-the-counter trades.

These trades are negotiated between the buyer and the seller—usually with brokers acting as their agents. In many cases, brokers help to make the market by buying and selling securities for their own account.

The questionnaires note that it is a criminal offense to submit false information to a federal government agency.

They go on to ask for a list of every over-the-counter trade in 115 active stocks on a single day—last Jan. 18. Brokers must disclose prices, commissions and markups. They need not identify individual customers involved.

The 115 stocks include many prominent issues, among them American Airlines, Anheuser-Busch, Bank of America, General Telephone & Electronics, Hartford Fire Insurance, Lockheed Aircraft, Pacific Power & Light, Pocket Books, Royal Dutch Petroleum and Wisconsin Power & Light.

The SEC said stocks were chosen "on a random sampling basis and their selection in no way implies any question about the particular securities" or trading in them.

"We operated a grocery store at the 'Y' but our home was on the farm and we wanted to be there. Producing eggs for Delight Egg Farms provides a steady source of income for us and lets us live at home. We hope you will vote FOR the Bond Issue on Tuesday, March 20."

## EGG PRODUCER TELLS HIS STORY:

MR. AND MRS. DUB DAVIS

My wife Vera and I operate a laying hen farm one mile north of Hope on the Washington Highway. We have 12,500 layers and employ three persons to help us take care of the hens and the eggs.

We started in the egg business in 1956 with 2,000 hens. I was an independent producer, that is, I bought my own layers and feed, and sold the eggs to Brentwood Egg Company in Little Rock. As an independent producer we were at the mercy of the market -- when the price for eggs was up our hens were not laying very many eggs, when the hens were laying well, the market was down.

By 1958, after two years of hard work, we had just about reached the end of our rope, and we were in debt more than when we started in the business in 1956. We had to do something different. Vera and I knew that Mrs. Freeda Greenan had started a contract program to produce commercial eggs, and we decided to become a contract producer after talking with Bill Watson. We housed our first 2,000 layers with the company in September of 1958. Naturally, we were anxious for success and we were not disappointed. That first year sold us on the company and the program. Every year since that first flock we have asked to be allowed to expand until now we have 12,500 hens.

We surely know the problems Delight faces in selling eggs. This whole contract egg deal depends upon how well they can get this job done. Delight is asking us to back them up with this bond issue March 20th. We have worked with the Corn Belt organization in the way or another since moving to Hope. They have been fair with us. Vera and I hope the voters go to the polls Tuesday and vote for this bond issue.
